

FAASTeam presents:

Grand Canyon SFR

The Grand Canyon is a world renowned tourist destination. Wouldn't it be fun to see the majestic beauty of the Grand Canyon from above? Flying in the area surrounding the Grand Canyon offers pilots a unique opportunity to improve their skills, due to the Special Flight Rules Area designated around the park. The rules help separate visitors on the ground from aircraft noise, and help protect GA pilots from commercial air tours. Join SCFC member Dave Kramer for a review of flying in the SFRA.

Dave Kramer is an instrument-rated private pilot with his tailwheel endorsement. By day he is a physician specializing in ophthalmology. When not working or flying, he plays ice hockey and enjoys time with his family.

Directions: Pilots who fly in should park in transient parking on the opposite side of the field and expect to walk about 10 minutes (.5 mile) to the Flight Center. Suite 215 is upstairs in the northwest corner. On occasion, rides may be prearranged through San Carlos Aviation and Supply.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
